

Every Member Matters!

The act of joining PSU-AAUP is, in and of itself, a major contribution toward making PSU a stronger university with a bright future.

There are many ways to get involved. Not every member can be (or needs to be) active all the time, or serve in a formal role, to be part of building a strong union.

What every member can do to build union strength

- Stay informed through member news updates or your Unit Rep
- Attend public events a few times a year (e.g., membership meetings, rallies, speakers, socials)
- Give feedback to your Unit Rep and through online surveys
- Vote on contract language and in leadership elections
