

LET'S BUILD A BETTER OREGON!

With a \$1.8 billion state budget deficit, Oregon families are facing massive cuts to schools, health care, and the services they rely on daily. More than 300,000 people could lose their affordable health insurance, and tens of thousands could lose access to mental health and dental care. Thousands of seniors and people with disabilities will likely lose access to services that help them live independently and with dignity. And funding for early and special education programs could be slashed.

The legislators that write Oregon's budget are touring the state to hear from Oregonians about how budget cuts will affect them. At every stop, from Ashland to Tillamook, from Umatilla to Portland, we need YOU to show up and tell them: Cuts to schools, health care and critical services are unacceptable so long as the world's largest corporations pay the lowest corporate taxes in the entire nation here in Oregon.

We'll be on hand to help and make sure you have everything you need to share your story.
